

# YATES TOWNSHIP SANITARY SEWER CONNECTION PERMIT

Property owners or their authorized representative, must obtain a Sanitary Sewer Connection Permit for work done on any new or existing sanitary sewer line within the 300 foot mandatory connection zone. The permit is to be returned completely filled out, at the start any work. NOTE: ALL SEPTIC TANKS MUST BE PUMPED OUT BEFORE DESTRUCTION OF TANK. PROOF IS MANDATORY. This permit does not relieve the applicant from meeting any applicable requirement of the township, county, state or federal agencies. NOTE: ALL SEWER CONNECTIONS TO THE SEWER MAIN MUST BE INSPECTED BY THE COUNTY PRIOR TO BURYING THE LINE. Failure to do so may result in owner digging up the line to expose the pipe to be inspected.
